INFORMATION TO THE USER

FCC COMPLIANCE STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause interference, and
(2) this device must accept any interference, including interference that may cause undesired operation of this device.

NOTE: This unit must be co-located or operated in conjunction with any other antenna or transmitter. The Bluetooth antenna cannot be removed or replaced by user. this equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines. This equipment has very low levels of RF energy that it deemed to comply without maximum permissive exposure evaluation (MPE). But it is desirable that it should be installed and operated keeping the radiator at least 20cm or more away from person's body (excluding extremities: hands, wrists, feet and ankles). Alteration or modifications carried out without appropriate authorization may invalidate the user's right to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION!!!
ADJUSTMENT OR ALTERATIONS OF THIS DEVICE MAY RESULT IN HAZARDOUS RADIATION EXPOSURE

BEFORE YOU START

IMPORTANT SAFETY PRECAUTIONS

- Do not operate mobile equipment while driving a motorized vehicle - safe driving and safety consideration of the driver should always be the first priority.
- In the event you should notice smoke, strange noises or odor from the product, or any other abnormal signs, immediately turn the power off and consult your dealer or the nearest authorized **SOUND STORM LABS** Service Center. Using the product in such a condition may result in fire or electric shock.
- Never disassemble or modify the product in any way. Doing so may cause injury.
- **BE SURE TO OBSERVE THE FOLLOWING GUIDELINES:**
- Do not use the product if any part of it is damaged. Do not use the product you:
- Use caution or temporarily discontinue use in potentially hazardous situations.

INSTALLATION PRECAUTIONS

WARNING - Always consult a professional installer

- Installation and electrical connection of this product should not be conducted by yourself.
- Servicing of this product by persons without professional training and experience in electronic equipment and motorized vehicle accessories may be dangerous and could expose you to the risk of electric shock, injury, or other hazards.
- Contact DSL for any installation service questions or requests.
- The BTBIL can be powered from a vehicles cigarette lighter / auxiliary power port, or hard wired directly to the vehicles battery. See wiring diagram.
- When wiring directly to the vehicles battery, be sure to disconnect the batteries negative terminal wire before connecting the wires to the battery. Always connect a fuse holder to the positive battery wire with a minimum rating of 15 Amps (or in line with the positive battery terminal
- Do not drill mounting holes while installing the product, use existing holes.
- The BTBIL has a weather resistant design, it should not be submerged (or in under water under any circumstances.
- Only use the installation parts provided with the BTBIL.
- Wash with a mild soap or detergent and lukewarm water using a clean sponge or a soft cloth. Rinse well with clean water.

"Don'ts" - Very Important

- DON'T clean in hot sun or on very hot days.
- DON'T use any type of abrasive pads, scouring powders on the main body.
- DON'T scrape the main body with razor blades, or other sharp instruments
- DON'T limit use, gasoline, acetone or carbon tetrachloride.

CAUTION!!!
Using other mounting methods may void this warranty
